

Staff Profile

Assistant Minister Wayne Zhang

Born and grew up in Henan Province of China, he gained a diploma of education from Anyang Teachers' College at the age of 20. After graduation, he moved to Urumqi, a frontier city in Western China, and taught physics at a middle school for eight years. Then he engaged himself in a specialised tourism service, which organized and guided European tourists in desert trekking, mountaineering, and self-driving in China. He heard the gospel and professed Jesus as Lord during the Christmas holiday in 1988 under the encouragement of some North American missionaries. Since then, for many years, he was under the nurture and discipleship of those missionaries. About 10 years later, he started attending and preaching at local fellowships, and became one of the core leaders when later the local church was formally established. In November 2012, along with his wife and their two daughters, he came to the UK and worked with World Horizons as a missionary. From the beginning of 2020, he became a minister of MCCC. He will complete his 2-year Graduate Diploma in Theology at UST (Union School of Theology) at the end of 2020.
